We are pleased to invite you to participate in the XV IOSTE International Symposium on Science & Technology Education for Development, Citizenship and Social Justice to be held at Yasmine Hammamet (29 October – 3 November, 2012).

The program will also include a wide range of activities designed to facilitate the exchange of expertise, experience, and resources amongst researchers, educators and trainers.

The organizers invite research-based abstracts and papers addressing the following nine strands in the contexts of pre-school, primary school, high school or tertiary education, as well as in out-of-school education:
